Learn one word at a time

All eight are free to download. Full access is not always free.

Vocab Routine

Japanese + Korean vocabulary

Review JLPT and TOPIK words with spaced repetition. Write a studied word from memory, then compare it yourself.

Handwriting practice is self-checking, not automatic grading.

Free daily limits + ads. Optional packs and premium purchases, including a subscription.

Hangul Voyage

A Korean word puzzle, not a language course

Link Korean syllables around a wheel. Also try Word Search and initial-consonant puzzles at your own pace.

No timer or game-over. Korean puzzles do not show word meanings or translations.

Free play with ads. Rewarded ads can provide hints.

First letters, together

All eight are free to download. Full access is not always free.

KanaSprout

First Japanese letters for ages 6-8

See, hear and trace hiragana and katakana, then try first words and greetings in short play rounds.

This English listing introduces Japanese. It is not an advanced conversation course.

No ads. Free content remains available; full access has an auto-renewing annual subscription.

Korean Bridge

First Korean for children ages 4-8

Listen, choose pictures and explore first Hangul sounds, maths and school phrases. Grown-up help is in five languages.

Children learn Korean; help is English, Korean, Japanese, Simplified Chinese or Vietnamese.

Fully free: no ads, in-app purchases or subscriptions.

Developer-prepared. AI-assisted writing/layout. Not an independent review.
US listing snapshot: 11 Oct 2026. Not app-runtime testing. Other markets may differ.

Make something. Note a feeling.

All eight are free to download. Full access is not always free.

Photo Outlines

Photo filters, line art and hand coloring

Try 23 free on-device photo filters without AI credits. Or turn a photo into an AI outline and color it by hand.

AI conversion sends a photo for server processing; results vary. On-device filters are a separate path.

Ads. AI conversions have free limits; optional conversion packs are paid.

Mood Tile

A small daily journal, with or without words

Choose one of nine sea-weather moods. Add optional writing, photos and tags, then revisit entries on a calendar.

Plan how to keep your records before changing devices or deleting the app.

Free use includes ads. Optional one-time premium purchase; no subscription.

Give your time a destination

All eight are free to download. Full access is not always free.

Pomodoro at Sea

A focus timer with a pirate-voyage theme

Start a focus voyage, take a break in port and collect treasure for completed sessions. Choose sound or quiet.

The timer works offline; ads and store purchases are separate network services.

Core features are free with ads. A one-time purchase removes ads.

View on App Store v1.0.16

PiPi D-Day

Count down to a date, or count days since

Save a milestone, see the remaining or elapsed days and place a countdown on your Home Screen.

Use countdown or count-up. Premium widget styles are paid extras.

Free tier + ads. Optional one-time Pro purchase; no subscription.
